PROFESSIONAL SUMMARY

Results-driven Marketing & Business Executive with a proven track record in strategic growth, AI-driven marketing, and automation-led scalability. Expert in branding, market segmentation, new product development, commercialization, and pipeline expansion across B2B/SaaS markets. Highly skilled in CRM optimization, API integrations, predictive analytics, and machine learning applications to accelerate revenue, improve performance, and enhance customer experience. Experienced in legal contract negotiations, partner development, supply chain support, and digital advertising (SEM, Google Ads, Facebook Ads, LinkedIn Ads). Strong leader in building and coaching high-performing teams while consistently delivering profitable growth and business impact through strategic marketing, business growth hacking, AI automation, and data-driven decision making.

KEY ACHIEVEMENT HIGHLIGHTS

- Increased ROAS +240% scaling Meta and Google Ads campaigns
- Reduced CPL \$52 → \$8 via automation + segmentation
- Scaled agency revenue globally via funnel optimization
- Automated workflows saving 7+ hours weekly

EXPERIENCE

1, Director of Marketing & Sales / Senior Operations Manager

Expert Solution Outsourcing | Dec 2015 – Sept 2025 | 10 years +month

- ✓ Conversion Rate Optimization (Landing Pages, Behavioral Psychology, CRO Testing)
- ✓ Data Insights, SQL Query Analysis & Attribution Modeling
- ✓ Revenue Forecasting, CAC Efficiency & Pipeline Capacity Planning
- ✓ Product Marketing & Competitive Positioning Strategy
- ✓ Performance Creative Strategy & Message-Market Fit Testing
- ✓ Business Development, Partnership GTM & US / AUS Growth Expansion

Career Highlights

Scaled a full-stack digital marketing + automation agency supporting US + AU markets — delivering 2–3X revenue lift across client funnels through performance media, CRO, and automation-led execution

- Engineered AI + automation workflows (CRM → paid media → analytics) that reduced manual ops by 35%+ and compressed reporting cycles by 7–10 hours per week

- Increased campaign ROAS up to +240% and slashed CPL from \$52 → \$8 across Meta + Google paid acquisition engines
- Led cross-functional pods accountable for revenue, CAC efficiency, and pipeline velocity

- Directed forecasting, budget allocation, experimentation roadmap, and market expansion prioritization across US + AUS startup segment

TOOL

HubSpot, Klaviyo, Zapier, N8N, Mailchimp, DemandBase, GA4, GTM, SEMRush, Ahrefs, Moz, Google Ads, FB Business Manager, Looker, Marketo, Salesforce

- Develop and execute full-funnel marketing strategy across paid, organic, email, and social channels
- Build, optimize, and manage automation workflows (HubSpot / Zapier / n8n / GTM / GA4 / CRM)
- Lead demand generation, pipeline acceleration, and revenue marketing initiatives
- Manage brand positioning, messaging, and content strategy aligned to ICPs and buyer journey
- Oversee SEO roadmap, keyword strategy, content clusters, and technical SEO implementation
- Run CRO experiments on landing pages, funnels, and website experience to increase conversions
- Allocate and manage marketing budget across channels based on ROI performance
- Build dashboards and reporting (Looker / PowerBI / GA4) for campaign results, pipeline contribution, CAC, NRR, and LTV
- Lead cross-functional collaboration with Product, Sales, RevOps, and Leadership for growth alignment
- Manage internal marketing team, freelancers, vendors, and agency partners
- Plan product launches, GTM campaigns, and PR initiatives across multiple markets

2, Project Manager / Marketing Manager

Arvato Bertelsmann (Facebook Horizon) | Jan 2012 – Mar 2015

- Managed high-volume Facebook paid acquisition inside global ops environment optimizing targeting, segmentation, and conversion lift across US/APAC regions

- Improved placement efficiency and audience precision through data-model based iteration and creative signal mapping

- Partnered with policy + security orgs to maintain compliance across sensitive FB data handling workflows
